

HOW WE CAN HELP

The Weingarten Center serves students in several ways.

- Learning Resources supports undergraduate, graduate, and professional students in developing strategies for time and project management, studying, and learning.
- Tutoring Services offers individual and group tutoring for undergraduate students.
- Student Disabilities Services provides support and resources for all Penn students who identify with disabilities, ensuring access to programs and facilities.

Meet your academic challenges and opportunities in a stimulating place known for the encouragement it fosters. Express your concerns. Hone your abilities. Raise your confidence. Above all, take control of your learning.

LEARNING RESOURCES

To schedule a consultation with a learning specialist, request a learning strategies workshop, or access resources for online learning and study group support, visit
